WHAT THE CUSTOMER SAID

> *This is the second time I'm complaining. After my oil change issue, I gave you another chance with interior cleaning, and it was poorly done. There was still sand under the seats and stains on the back seat, and my phone charger was missing from the glovebox when I collected the car. I'm very unhappy and I'm considering taking my car elsewhere."*

SUGGESTED REPLY (AI DRAFT – REVIEW BEFORE SENDING)

Dear Eunice,
I'm truly sorry to hear about your experience at our Ogbomoso branch. It's unacceptable that the interior cleaning left sand and stains behind, and even more concerning that your phone charger went missing from the glovebox. I understand this is especially frustrating given your earlier oil change concern, and I apologize sincerely for the frustration this has caused you.
Please know this is not the standard we want for our customers. I'd like to arrange for the branch manager to call you directly to discuss what happened, locate your charger, and offer a free re-clean of your vehicle's interior.
Thank you for your patience with us, Eunice.
Warm regards,
Customer Care Team,
Hajime Car Care and Auto Repair Chain
